Friday 10-11am dates to be advised

**Soirees for younger students**

Monday eve 6-7 pm

Dates to be advised

**Keep checking for  
updates**

Hi to all and I hope you had a great holiday. I had a wonderful time relaxing, reading, gardening. I had a wonderful time learning to play new pieces and re train my broken finger. I've also been editing my PhD thesis.

The end of year concert was a true delight. Particularly the concerto. This year as the studio regrows, we will be adding more soirees, matinees, workshops, master classes and duet classes which will be open to non studio students also. You may like to consider doing something with another pianist or instrumentalist.

I hope you enjoy the new website [musicmoments.com](http://musicmoments.com)

I am now able to give you a live recording of your pieces, or accompaniments on an MP3 file for you to take home. We can even record some fun stuff on the digital piano. I have also Sibelius for compositions is also available and so are theory papers Grade 1-3 (Higher levels coming. And Auralia for additional aural work.

Bookings are now open for 2008 for new and returning students.

Community Music and Percussion classes are also still on the agenda and being investigated for hall times etc.
